

Dev Enablement Training

Equip your developers with valuable knowledge and skills through our Dev Enablement Training. The training consists of workshops, interactive sessions, and real-life examples. It places a strong focus on various aspects of code development, including custom code implementation, utilization and understanding of core Shopware code, adherence to coding standards, and application of best practices.

Key highlights of Dev Enablement Training service:

- Developer training to excel in Shopware 6
- Workshops, interactive sessions, and real-life examples
- Focus on individual needs
- Guided by experienced senior Shopware 6 developers
- Best practices, performance, and knowledge sharing

Your investment:

- One to ten days consulting (depending on request)
- Kick-off call
- Workshop, including preparation

With expert insights, practical tips, and real-life examples, the Dev Enablement Training equips your developer team with the expertise to deliver high-quality solutions, driving the growth of your business.
